**Overall Width:**

1.000 inches

**Frequency Range Rating:**

+7.25/+7.75 gigahertz

**End Application:**

Antenna group oe-215a/fsc-79

**Special Features:**

Isolator body aluminum alloy 6061 or 6063; connector contacts beryllium copper

**Precious Material And Location:**

Connector contact gold

**Precious Material:**

Gold

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T224-j
