Overall Width:

1.000 inches

Frequency Range Rating:

+7.25/+7.75 gigahertz

End Application:

Antenna group oe-215a/fsc-79

Special Features:

Isolator body aluminum alloy 6061 or 6063; connector contacts beryllium copper

Precious Material And Location:

Connector contact gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T224-j
