End Application:

Communications equipment, prodelin inc

Flange Outside Width:

3.880 inches single flange

Flange Outside Height:

2.750 inches single flange

Flange Style:

Contact type single flange

Waveguide Length:

23.830 inches

Specified Frequency:

Between 3.7 gigahertz and 4.2 gigahertz

Special Features:

Operating frequency transmit - 5.825 ghz min, 6.425 ghz max; midband gain receive - 41.7 db, transmit - 45.6 db

Style Designator:

Straight type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A073a0
