Overall Length:

2.220 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

0.770 inches

Frequency Range Rating:

+0.000/+12.400 gigahertz

End Application:

Reentry system test set (rst)

Voltage Standing Wave Ratio:

1.10 and 1.20

Coaxial Connector Series Designation:

Sma

Connector End Design:

Neuter

Power Rating:

10.000 watts average

Voltage Standing Wave Ratio Frequency Range:

+0.000/+12.400 gigahertz

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Termination, coaxial, broadband sma

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
