End Application:

Sawari 2

Power Rating:

5.0 watts average

Attenuation Variation Method:

Continuous

Frequency Range:

Between 7.200 gigahertz and 8.400 gigahertz

Special Features:

Continuously variable attenuator; sma female connectors; temperature range -65/+125 degrees c; aluminum body; stainless steel connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A223a0
