Switch Type:

Transfer

End Application:

Alq135 band 1.5

Actuator Operating Method:

Solid state

Coupling Position Quantity:

8

Features Provided:

Electrostatic sensitive

Special Features:

Network, rf distribution, output-band 1.5

Terminal Type And Quantity:

8 quick disconnect, female

Reference Number Differentiating Characteristics:

Source control/two sources

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A158a0
