Mounting Method:

Bracket

End Application:

Next assembly 43033-00806-1 used on an/spn-35c & 41a, ab-140 (v) /spn, retractable mast assembly; wsd: radar & iff systems

Mounting Facility Quantity:

5

Special Features:

Altered item made from pn 102755-1, cage code 24230, bracket quantity and design are different; triangle design with each side measuring approx. 18.775 inches

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Chromate

Surface Treatment:

Oxide film, mil-c-5541

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A12000
