Overall Length:

1.300 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

0.560 inches

Frequency Range Rating:

+0.000/+4.000 gigahertz

End Application:

C-5 avionics

Voltage Standing Wave Ratio:

1.15

Coaxial Connector Series Designation:

N

Connector End Design:

Female

Power Rating:

2.000 watts average

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Dc-4.0 ghz broadband type n termination.

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19800
