Overall Length:

0.870 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

0.600 inches

Frequency Range Rating:

+0.000/+12.000 gigahertz

Voltage Standing Wave Ratio:

1.15

Coaxial Connector Series Designation:

Tnc

Connector End Design:

Male

Power Rating:

2.000 watts average

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Special Features:

Coaxial termination type tnc male.

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
