**Overall Length:**

1.2 meters

**End Application:**

Antenna system

**Operation Method:**

Electrical

**Output Motion Scan Type:**

Elevation

**Product Name:**

Assembly, elevation jack drive

**Special Features:**

Painted aluminum alloy; electrical motor with one connector; screw jack with motor; green and black in color

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T322-b
