Overall Length:

1.590 inches

Impedance Rating In Ohms:

50.0

Overall Diameter:

0.780 inches

Frequency Range Rating:

+0.000/+18.000 gigahertz

End Application:

Oa-923 (v) /g, electrical equip. Group

Voltage Standing Wave Ratio:

1.25

Coaxial Connector Series Designation:

N

Connector End Design:

Male

Power Rating:

2.000 watts average

Termination Type:

Connection coaxial

Operating Position:

All positions

Cooling Method:

Self-cooled

Style Designator:

Coaxial mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
