Overall Length:

18.000 inches

Overall Height:

12.750 inches

Overall Width:

13.270 inches

Mounting Hole Type:

Countersunk

Mounting Method:

Unthreaded holes

End Application:

Oe-563 (v1/v2) sotm m-1026.

Basic Shape Style:

Irregular

Mounting Facility Quantity:

6

Special Features:

Part consists of two pieces assembled together, first piece is mount second piece is the backing plate.

Surface Treatment:

Chromate and paint

Surface Treatment:

Oxide film, mil-c-5541 and painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A12000
