Operating Position:

Horizontal

Cooling Method:

Forced air

Special Features:

Forced air heat exchanger cooled load for highpowered applications up to 1 ghz; 1 5/8 eia flange connection; gray powder finish; 1.1 max, 1khz to 1000mhz frequency range; 10kw continuous power rating; rf power frequency 100khz through 18.6 ghz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
