Overall Length:

5.570 inches

Overall Height:

2.200 inches

Overall Width:

1.625 inches

Frequency Range Rating:

+9.900/+10.500 gigahertz

Voltage Standing Wave Ratio:

1.15

Power Rating:

200.000 watts average

Termination Type:

Waveguide flange

Internal Operating Pressure:

5.0 pounds per square inch gage

Special Features:

Aluminum/zinc chromate

Style Designator:

Flange, without fins

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19800
