**Overall Length:**

2.250 inches

**Overall Height:**

12.500 inches

**Frequency Rating:**

2000.000 megahertz single antenna element and 450.000 megahertz single antenna element

**Electromagnetic Polarization Type:**

Linear single antenna element

**Characteristic Impedance In Ohms:**

50.0 single antenna element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A074a0
