Overall Length:

2.250 inches

Overall Height:

12.500 inches

Frequency Rating:

2000.000 megahertz single antenna element and 450.000 megahertz single antenna element

Electromagnetic Polarization Type:

Linear single antenna element

Characteristic Impedance In Ohms:

50.0 single antenna element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
