End Application:

Element tube assembly no. 15-2

Product Name:

Transportable log periodic antenna model lp-1112mr

Special Features:

Characteristics: longest element: 95 feet; boom length: 62 feet; number of elements: 17; input connector: typec 50 ohms; polarization: horizontal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
