Component Quantity:

4

Component Document Origin:

Industrial

Document Source:

1mbf0

Document Type:

Commercial catalog

Component Document Page Number:

2-1 and 2-7

Nonsupply Items And Quantities:

Controller 1; pcu 1; heater/blower 1; deicing probe 1

Package Model Number:

1250

End Item Name:

Antenna deicing set (ads)

Special Features:

Controller is a standard 19" rackmountable unit with a 3.5" high front panel that allows control of the system from within the earth station; the pcu is normally located in close proximity to the antenna, and its housing is standard nema 4x-rated enclosure; heavy duty heater/blower circulates air throughout the reflector cavity; the probe is a transducer that senses both ambient temperature and the presence of falling snow, sleet, rain or freezing rain

Shelf Life:

N/a

Unit Of Measure:

--
