Special Features:

9dbi gain, vertical beam width 14 degree, electrical downtilt 0 degrees or 7 deg, rated wind velocity type 125mph. Weight 1.15 lbs, dimension 27 inches. Frequency range 2400 min 2485 max, input return loss -14, vswr 1: 5: 1, 50 ohm impedance, input power 100w. Operating temp -40 to +70 degree c. Type n female integrated bulkhead connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
