**Operating Temperature Range:**

-55.0/+125.0 degrees celsius

**End Application:**

Air reconnaissance nimrod 2000

**Frequency Range:**

8.500 gigahertz

**Product Name:**

Medium power fixed coaxial attenuator

**Special Features:**

Designed to meet environmental requirements of mil-dtl-3933

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A20000
