Overall Length:

24.000 inches

End Application:

Boat, harbor security, 27ft, 27hs080x

Power Rating:

4.000 kilowatts average single antenna element

Product Name:

Ultra high definition (uhd) digital radar

Special Features:

Radome antenna type, 36n.M. Range, 3.9 degrees horizontal beamwidth, antenna rotation speed (24/36/48 rpm) automatically shifted to appropriate pulse length.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
