Fragility Factor:

Rugged

Storage Temperature Range:

-54.0/+71.0 degrees celsius

Model Number:

Hd20

Usage Location:

Communications zone

Product Name:

Dual axis hd20 tracking antenna

Special Features:

Power requirement: 110-220vac, 50-60hz, 2200-2400mhz operating frequency, polarization: simultaneous right hand and left hand circular, elevation /azimuth pedestal type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
