Overall Length:

7.600 inches

Overall Height:

1.000 inches

Overall Width:

2.250 inches

Electrical Power Source Relationship:

Operating

Product Name:

High operating power uhf satcom diplexer

Special Features:

Receiving channel passband 243-270 mhz., insertion loss over passband 1.3db max., vswr, over passband 1.5: 1 max.; transmitting channel passband 292-318 mhz., insertion loss over passband 1.0db max., vswr over passband 1.5: 1 max.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T187-f
