**Overall Length:**

7.600 inches

**Overall Height:**

1.000 inches

**Overall Width:**

2.250 inches

**Electrical Power Source Relationship:**

Operating

**Product Name:**

High operating power uhf satcom diplexer

**Special Features:**

Receiving channel passband 243-270 mhz., insertion loss over passband 1.3db max., vswr, over passband 1.5: 1 max.; transmitting channel passband 292-318 mhz., insertion loss over passband 1.0db max., vswr over passband 1.5: 1 max.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T187-f
