Body Material:

Aluminum

Body Style:

Rectangular, terminal/terminals on opposite surfaces

End Application:

Ea6b special electronic aircraft (icap configuration)

Rf Signal Attenuation In Decibels:

40.0

Product Name:

Attenuator, convection cooled, n-type male / female, 500 watt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A20000
