End Application:

Test

Frequency Range:

Between 0.000 hertz and 1000.000 megahertz

Product Name:

Step attenuator

Special Features:

Total attenuation: 110 db; db step: 1 db; rf input power: 2 watts; input connector: n type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A223a0
