Furnished Items:

Electrical cable

Overall Height:

82.0 millimeters

Mounting Hole Quantity:

4

Overall Diameter:

102.0 millimeters

Mounting Method:

Bracket

Product Name:

Active gps antenna for harsh rf environments

Special Features:

25.0db active antenna, uv-resistant plastic radome, high strength direct mount, electrically shielded lna assembly, 5.0 volt operation, 26.0ma typical current consumption, <1.5db typical noise figure, gps frequency l1 (1575.42 mhz), 40.0db filtering at +/- 50.0mhz, bandwidth 25.0mhz (typical)+/- 3.0db

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
