Overall Length:

14.0 inches

Overall Height:

9.5 inches

Overall Width:

2.79 inches

Frequency Rating:

30.0 megahertz and 400.0 megahertz single antenna element

Design Type:

Blade single antenna element

Product Name:

Antenna, blade, passive, wideband

Special Features:

Frequency range can also be 400-960 mhz, impedance: 50 ohms (), radiation: omnidirectional in azimuth (), power handling: 30-400 mhz: 25 watts max. Or 400-960 mhz: 25 watts max., polarization: vertical, connector: 30-400 mhz: n female, 400-960 mhz: tnc female, finish: gloss white body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A074a0
