Overall Length:

9.49 inches

Overall Diameter:

5.118 inches

Radio Frequency Rating:

Between 1.01 gigahertz and 1.1 gigahertz

Unit Type:

Coaxial line

Voltage Standing Wave Ratio At Reference Frequency:

1.20: 1

Product Name:

Rocket dish

Special Features:

Airmax carrier class 2x2 ptp bridge dish antenna designed to integrate with rocket m radio (not included)

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T389-c
