Overall Height:

0.60 inches

Mounting Hole Quantity:

4

Frequency Rating:

1575.0 megahertz first antenna

Overall Diameter:

3.50 inches

Coaxial Connector Series Designation:

Tnc single antenna element

Power Rating:

1.0 watts average all antennas

Characteristic Impedance In Ohms:

50.0 all antennas

Voltage Rating In Volts:

4.0 dc and 24.0 dc all antennas

Mounting Method:

Unthreaded hole

Supplementary Features:

Temperature -80 degrees f to +203 degrees f; vibration 10 g's; altitude 70, 000 ft.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
