Body Material:

Nickel

Overall Height:

0.020 inches

End Application:

Zh01

Frequency Range:

3.0 gigahertz

Product Name:

Attenuator

Special Features:

Eu rohs compliant, characteristic impedance 50 ohm, input power maximum 20 dbm, operating frequency min 0.0 mhz, maximum 10000mhz, operating temp min -55 celmax 125 cel, terminal finish matte tin, vswr-max 1.3, additional feature is low noise

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A20000
