Overall Length:

5.25 inches

Overall Height:

2.20 inches

Overall Width:

1.75 inches

Mounting Hole Quantity:

4

Frequency Rating:

960.0 megahertz and 1220.0 megahertz all antennas

Electromagnetic Polarization Type:

Horizontal all antennas

Power Rating:

100.0 watts peak all antennas

Characteristic Impedance In Ohms:

50.0 all antennas

Mounting Method:

Unthreaded hole

Product Name:

L band blade antenna/4 hole mount/c connector/orange

Special Features:

Models of the dm ni50 antenna are directly interchangeable with virtually all l-band blade and flush mounting antennas currently in service on commercial and military aircraft; weight, 4 ounces; finish, international orange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
