Product Name:

Microram dc-dc converter

Special Features:

C/o 40db ripple attenuation from 60 hz to 1m hz; integrated or'ing diode supports n+1 redundancy significantly improves load transient response; efficiency up to 98 percent; user selectable performance optimization combined active and passive filtering; 3-30vdc input range; 20 and 30 ampere ratings.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
