Body Material:

Aluminum

Body Surface Treatment:

Anodized

Overall Length:

130.5 millimeters

Overall Width:

59.94 millimeters

Terminal Type And Quantity:

2 connector

Product Name:

30db fixed attenuator

Special Features:

Impedance ohms 50, maximum input power watts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A20000
