Frequency Rating:

896.0 megahertz and 970.0 megahertz single antenna element

Environmental Protection:

Weather resistant

End Application:

Misc navigation

Radiation Pattern:

Omnidirectional single antenna element

Design Type:

Whip single antenna element

Power Gain In Decibels:

5.0 single antenna element

Product Name:

Antenna

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A074a0
