General Description:

Five wire leads 25 in. Min. Lg, 26 awg type e per mil-w-16878; dia. 1.065 in. Max; shaft dia. 0.187 in; shaft lg. 0.500 in; lg 1.800 in; power rating 5.0 milliamperes maximum current at 5.0 volts dc max; contact resistance less than 2.0 ohms at rated current and voltage; operating temperature minus 54 degrees c to plus 71 degrees c; weight not to exceed three oz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
