Rotor Input Voltage Rating In Volts:

11.8

Frequency In Hertz:

40.0

Rotor Input Current Rating:

19.0 milliamperes

Rotor Input Electrical Power Rating:

0.4 watts

Mounting Facility Screw Thread Diameter:

0.812 inches

Special Features:

Hweight 5 ounces; length 2.2 in.; 4 mounting holds; part name assigned by manufacturer left training handle of international periscope into d and c module assembly; operating temp. Minus 55 to 125 degc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07800
