Rotor Input Voltage Rating In Volts:
11.8
Frequency In Hertz:
40.0
Rotor Input Current Rating:
19.0 milliamperes
Rotor Input Electrical Power Rating:
0.4 watts
Mounting Facility Screw Thread Diameter:
0.812 inches
Special Features:
Hweight 5 ounces; length 2.2 in.; 4 mounting holds; part name assigned by manufacturer left training handle of international periscope into
d and c module assembly; operating temp. Minus 55 to 125 degc
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A07800
