End Application:

F16a/b unit level trainer

Product Name:

6-pulse mechanical encoder

Special Features:

0.250 in. Dia. X 0.250 length, plain bushing; 0.125 in. Dia. X 0.750 f ms slotted shaft; option 1, locating pin; pc, type b-22, 0.250 in. Long terminals; 360 degree mechanical rotation; momentary dome switch; 24 position detent; digital signal output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
