

View Online at <https://aerobasegroup.com/nsn/5995-00-423-6668>

Special Features:

Material copper clad polyimide film; insulation resistance 100 megohms; maximum capacitance 60 pf per inch; impedance from single circuit line to shield shall be 30 plus or minus 5 ohms as measured with time domain reflectometer; 60 g; 10 to 500 cps; 6.860 in. Lg; 2.999 in. W

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509c0
