| Cross Sectional Shape:                              |
|---|
| Round   |
| Overall Length:                                     |
| 61.500 inches                                       |
| Cross Section Outside Diameter:                     |
| 0.375 inches  |
| End Application:                                    |
| B-1b pacer bee                                      |
| Termination Type:                                   |
| Connector internal angle both ends single conductor |
| Conductor Quantity:                                 |
| 1   |
| Style Designator:                                   |
| Dual internal angle connector                       |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:                                    |
|   |
| Demilitarization:                                   |
| No  |
| Fiig:   |
| A077a0  |
