End Application:

4920-01-146-5599 test set, radio frequency datsa

Special Features:

Flexible, 5 laminated layers, 500 volts, 60 hz dielectric withstanding voltage, operating temp. Range minus 40 degrees - plus 85 degrees c, copper terminals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A509c0
