Overall Length:

4.000 feet

Termination Type:

Connector plug both ends all conductors

Conductor Quantity:

10

Strand Quantity Per Conductor:

7 all conductors

Conductor Form:

Stranded all conductors

Conductor Arrangement And Quantity:

10 singles

Special Features:

Mil-w-16878 type b wire

Material:

Copper alloy 101 core conductor all conductors or copper alloy 102 core conductor all conductors

Material Specification:

Astm b33 assn standard all material responses core conductor all conductors

Surface Treatment:

Tin core conductor all conductors

Style Designator:

Internal connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0

Mil-std (military Standard):

Mil-w-16878 spec.
