**Overall Length:**

9.000 inches

**End Application:**

Lantirn system

**Conductor Quantity:**

1

**Criticality Code Justification:**

Feat

**Special Features:**

Air dielectric and splined outer conductor; marker reads j12

**Style Designator:**

Internal connectors

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
