Overall Length:

24.000 inches

End Application:

Lantirn systems

Termination Type:

Connector plug both ends all conductors

Conductor Quantity:

1

Criticality Code Justification:

Feat

Conductor Form:

Solid single conductor

Special Features:

Dist state f; request for data to lantirn system program office, (asd-vl), wright-patterson afb; export control

Style Designator:

Internal connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
