Conductor Quantity:

10

Cable Assemblylength:

162.000 inches

Criticality Code Justification:

Feat

Branch Quantity:

8

Special Features:

EXPO-RT-CON-TROL

Material:

Copper core conductor all conductorsplastic polytetrafluoroethylene 1st position primary insulation

Material Specification:

Mil-w-22759/11-20 military specification all material responses core conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0

Mil-std (military Standard):

Mil-w-22759 spec.
