Cross Sectional Shape:

Round

End Application:

F-16 aircraft test eqp

Termination Type:

Connector plug both ends all conductors

Conductor Quantity:

2

Accessory Wire Type And Quantity:

1 ground

Criticality Code Justification:

Feat

Voltage Rating:

5000.0 dc rated working voltage all conductors

Special Features:

Serialized item

Style Designator:

Internal connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
