**Overall Length:**

24.000 inches

**Termination Type:**

Connector receptacle both ends single conductor

**Conductor Quantity:**

1

**Strand Quantity Per Conductor:**

7 single conductor

**Conductor Form:**

Stranded single conductor

**Terminal Manufacturer Identifying Reference Number:**

M39012/69-0004 1st end single conductor

**Terminal Commercial And Government Entity Code:**

00724 both ends single conductor

**Material:**

Copper core conductor single conductor

**Precious Material:**

Silver

**Surface Treatment:**

Silver core conductor single conductor

**Style Designator:**

Internal connectors

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
