**End Application:**

Rf-5033pa-150 power amplifier; rf-382a-14

**Termination Type:**

Connector internal straight 2nd end single conductor

**Conductor Quantity:**

1

**Conductor Form:**

Solid, tubular single conductor

**Product Name:**

Rf coaxial cable assembly for rf-5033pa-150 power amplifier

**Style Designator:**

Internal angle and internal straight connector

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
