**Cross Sectional Shape:** 

Round

End Application:

Aim-7m missile illum

# Conductor Quantity:

1

#### Conductor Form:

Braid, tubular single conductor

### Terminal Manufacturer Identifying Reference Number:

Mil-c-87104/2 both ends all conductors

## Terminal Commercial And Government Entity Code:

81348 both ends all conductors

Material:

Copper core shield braid, metallic all groups

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

---

Fiig:

A077a0

## Mil-std (military Standard):

Mil-c-87104 spec.
